Source: Amy Webb, Future Today Institute

In the 2018-19 school year, the NHS faculty embarked on a process to create a vision of a graduate.

VISION OF A NHS GRADUATE

Overview

In the fall of 2021, over 700 students, staff, parents, guardians, city officials, and interested community members joined this process to establish a District-wide Portrait of a Graduate.

Participants explored economic, technological, demographic, and environmental trends.

Focus groups were asked to identify the skills, mindsets, and knowledge they felt NPS graduates will need to be successful after graduation.

**The community shared
hundreds of comments
and ideas.**

**What follows is a summary of
our work.**

A hand holding a smartphone in front of a whiteboard with sticky notes. The text is overlaid on the image.

The comments and ideas for each area (skills, knowledge, mindsets) were categorized and ranked using a qualitative analysis process.

Skills Categories

Creativity, collaboration and problem solving	91
Life skills	30
Financial literacy	24
Reading, writing, speaking, listening	22

Thinking critically	22
Communicating	12
Researching	12
Technology skills	10
Civic engagement skills	10

Mindset Categories

Empathetic and accepting	41	Strong work ethic	18
Growth mindset/positive	38	Creative and innovative	15
Resilience/perseverance	24	Community oriented	14
Self advocate	20	Wellness	14
Open minded	19	Passionate and happy	11

Knowledge Categories

Personal Finance	40	Work Force Ready	18
Social Sciences	37	Health and Wellness	11
Global Understanding	23	Environmental Science	12
STEM	20	Media Literacy	10
Info and Data Analysis	18	Executive Functioning	10

**Within each
category,
comments were
reviewed.**

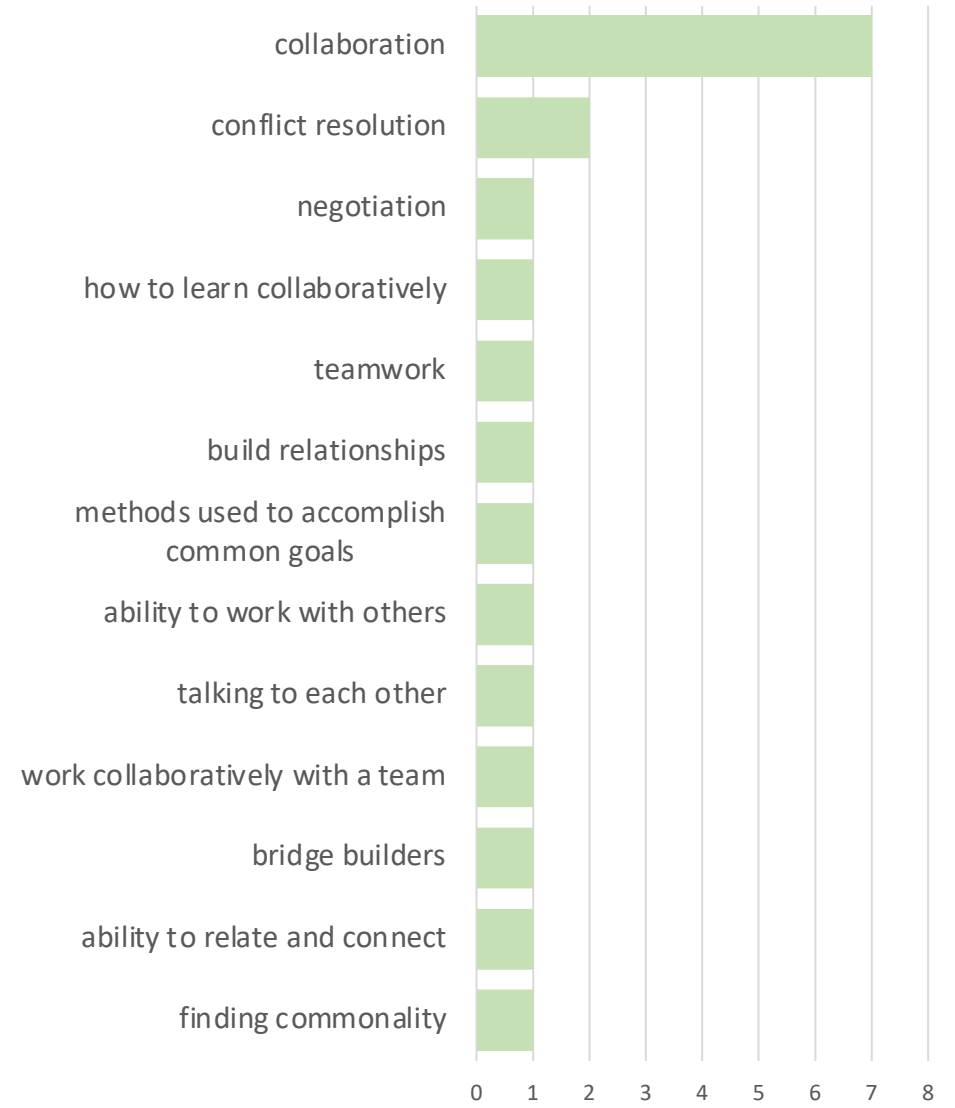

Empathy Comments

Resiliency Comments

Collaboration Comments (skills)

A Sampling of Comments

Global Learners... “graduates should be able to speak at least two languages”

Civic Engagement... “understanding data on gun violence and the political barriers to reducing given violence,” “having the power to create change or be an agent of change,” and “having the knowledge so that they can participate in decision making in a democracy”

Workforce Ready... “more options for alternative educational experiences” and “more certificate style programs offered to students as an alternative to 4-year college”

Science, Technology, Engineering, Math... “knowledge of scientific breakthroughs e.g., genetics” and “using coding and technology for career and activism”

Diversity, Equity and Inclusion

- “there are others that think, believe, look and act differently. These differences should be embraced”
- “we need the ability to question assumptions”

Health and Wellness

- “destigmatize addiction and mental illness,”
- “techniques to deal with stress and anxiety,”
- “know how to say no”

Lifelong Learners

- “teachers are not the ultimate source of knowledge”
- “choose your teacher wisely”

**Comments were also analyzed
for common ideas across the
skills, mindsets, and knowledge
categories.**

**Overwhelmingly,
participants
recommended
programming that
allows our
graduates to...**

Develop physical, social, and emotional wellness skills

Become literate across the disciplines

Practice creation, innovation, collaboration and problem-solving

Engage civically

Prepare for life after graduation

Develop physical, social, and emotional wellness skills

Able to self advocate

Embraces a growth mindset and positive attitude

Empathetic and accepting

Resilient and persevering

Passionate and happy

Adaptable and flexible

Socially, physically and emotionally healthy

Become literate across all disciplines

Passionate reader, writer, speaker and listener

Strong multi-media communicator

Engaged student of...literature, mathematics, science, social sciences, languages, and the arts

Curious and critical scholar

Practice creation, innovation, collaboration, and problem solving

Creator and innovator

Problem solver

Collaborator

Critical thinker

Effective researcher

Engage civically

Community oriented

Strong understanding of civics and how American government works

Aware of and connected to our global world

Environmentally engaged

Prepare for life after graduation

Lifelong learner

Motivated to set goals

Able to independently navigate the world to meet their goals

Strong work ethic and healthy work-life balance

Newburyport's Portrait of a Graduate

**NPS
Graduates
Are...**

Physically,
socially and
emotionally well

Literate across many
disciplines

Creative, innovative,
collaborative problem-
solvers

Civically engaged

Prepared for life
after graduation

NPS Planning for the Future

One Vision:
Portrait of a Graduate

Seven Strategic Objectives:
Reimagine

**Continuous
Tactical
Cycles:**

District Goals
School
Improvement Plans
Educator Goals

REIMAGINE

A COMMUNITY OF STAKEHOLDERS

DIVERSITY, EQUITY, & INCLUSION

Students, staff and families across the district are collaborating with Culture7 Consulting to ensure that a cultural competency framework guides our work. Through professional development programs for staff, community read projects (e.g. Just Mercy by Bryan Stevenson), city group participation (e.g. Human Rights Commission, Commission for Diversity and Equity), and the establishment of parent-teacher groups (e.g. Middle School Parent-Teacher DEI Professional Learning Community), NPS has committed to the ongoing work of creating a culture of belonging.

Strong connections between district leaders and NPS school associations promote creative problem-solving and effective operations. With the success of students in school years, the NPS motto is "together."

UNION PARTNERSHIPS

Through partnerships with the Rotary Club, the Guilford Environmental Stewards, and other community organizations, we have opportunities to connect and engage in civic activities.

COMMUNITY COLLABORATION

Whether through the Special Education Parent Advisory Council and guardians are effectively supporting the district's commitment to a parent community.

PARENT PARTNERSHIPS

REIMAGINE

ORGANIZATIONAL DESIGN AND OPERATIONS

LATER START TIMES

Operational and staffing patterns were reexamined to allow for implementation of later start times at the **Newburyport High School** and **Rupert A. Nock Middle School**. After many years of community-wide discussion and planning, later start times became a reality.

IN-DISTRICT STUDENT SUPPORT

By reallocating resources, we expanded **in-district special education programming** and **invested in systems** to provide enhanced support and intervention for all students. Reading, math, and literacy positions were strategically expanded throughout the district. In consultation with experts, we are building specialized language arts programs across all grades.

Each year the superintendent and examination of existing structures, student needs, budget requirements, and district-level goals guide recommendations for school and district level.

We analyze staffing patterns, propose that our budget is focused on high-impact programs, and evaluate support program growth, and evaluate operational savings.

REIMAGINE

A CULTURE THAT CULTIVATES THE BEST IN ALL OF US

DISTRIBUTED LEADERSHIP

The District Leadership Team and building principals/assistant principals meet regularly to share best practices, learn from each other and make connections across the grade levels. **Teacher leader teams** at each building help guide operational and educational decision-making. And our Student Voice programs support us in furthering our goal of **enhancing student influence** on district decision-making.

School Committee Student/Staff Recognition Program: Our School Committee has **celebrated student and staff good news** with a recognition program scheduled at the start of every school committee meeting.

Update: Principals at all schools launched a **Facebook page** at Bresnahan School started a **Facebook page** to develop a comprehensive plan for more communication channels.

News: The Superintendent meets regularly with the **Newburyport Daily News** and **The Gazette** and several times on local radio and on the **Hub**. Through partnerships with the **Norwich Free Press**, news items have been broadcast to the greater community.

The superintendent has reallocated resources to support our communication strategies, collaborating with families, staff, and students to ensure **access to information**.

REIMAGINE

SELF-DISCOVERY & PERSONAL ACHIEVEMENT

STUDENT VOICE

A **collective focus on student voice** has created opportunities and structures for student input on policy, curriculum and school culture. Capacity for expanding civic engagement and dialogues has been built in partnership with Essential Partners, Anti-Defamation League's World of Difference Program, and other civic education projects. Educators across the district participated in **Student Shadow days**, dialogues, and professional development to build a **student-focused culture**.

STUDENT ADVISORY PROGRAMS

Faculty at Nock Middle and NHS have developed and implemented **Advisory Programs**, creating opportunities for every student to meet regularly with a trusted adult. These evolving programs include **individual goal setting, community building and academic coaching**.

WELLNESS PROGRAMS

With the support of Jacalyn Bennett and the Newburyport Education Foundation, NPS designed and built a combined **wellness-fitness center** in the **Nock/Molin School** and a **fitness center** at **NHS**. These innovative spaces allow us to reimagine our physical education curriculum and support the expansion of our social-emotional programming.

INSTRUCTIONAL TECHNOLOGY

Nock Middle school began a 1:1 Chromebook program in the fall of 2017. Since that time, students are **using technology to explore and create**, and educators are incorporating new technologies to bring their curricula to life. The pressing needs of the past school year forced us to rapidly innovate, and we continue to pursue our goal of using technology to provide students in all grades with **flexible, personalized learning opportunities**.

REIMAGINE

TEACHING & LEARNING

CURRICULUM, INSTRUCTION, & ASSESSMENT DEVELOPMENT

In the winter of 2018, NPS launched a **multi-year process to develop skills-based curricula**. With a focus on engagement, skill development and data, this approach changes how our teachers design, deliver and assess instruction. To date, four cohorts of teachers have participated in workshops and teachers across the district have redesigned and reimaged **hundreds of new units of study**.

TEACHER LEADERSHIP

Investments were made to support **strong teacher leadership**. Curriculum Education Leaders (CEL) at the PK-8 level and Instructional Leaders (IL) at the high school level are **facilitating professional learning communities** to guide the development cycle for curriculum, assessment, and instruction.

VISION FOR BILITERACY

With investments in the budget, we are pleased to have added four world language teachers at the Nock Middle School, allowing us to move forward on our aspirational vision of **providing all students with a pathway toward biliteracy**.

LITERACY INSTRUCTION

Elementary educators worked with literacy consultants from Hill for Literacy, Crafting Minds, and Keys to Literacy. PK-5 teachers began implementing **new literacy screening assessments, monthly data workshops, interventions to support identified students**, and a new word study program.

REIMAGINE

SUPPORTS SO ALL STUDENTS ARE READY AND ABLE TO LEARN

TRAUMA SENSITIVE SCHOOLS

The Edward G. Molin School became a **trauma-sensitive school**. Eighteen educators enrolled in Lesley University's trauma-sensitive certification program and thirteen are currently certified. Teachers use the **BTMS (Behavior Intervention Monitoring Assessment System)** regularly to identify students who may need additional social-emotional supports.

ALTERNATIVE DISCIPLINARY PROGRAMS

The Newburyport High School **partnered with the Positive Alternatives to Student Support (PASS) Program** to offer an alternative to suspension. This innovative intervention program connects young people to resources and supports to help them both academically and behaviorally. Through the Positive Behavior Intervention and Supports (PBIS) Programs, schools have used the **School Wide Information System (SWIS)** to track and analyze **disciplinary trends**, allowing PBIS teams to create effective prevention and intervention plans.

Behavior and Intervention Systems (PBIS) in grades PK-8 allowed school shared approaches to **creating safe, supportive, and learning environments**.

Bresnahan and Molin School have incorporated a **classroom model** with daily morning meetings to build and positively support classroom management.

In response to the growing needs of our students, the Superintendent has repositioned district level positions to allow NPS to further **social-emotional programs**, provide professional development to staff, and address **specific behavioral needs** of all our students.

REIMAGINE

INTERNAL AND EXTERNAL RESOURCES

DUAL ENROLLMENT

Through these programs, students can enroll in college courses at Endicott College, Southern New Hampshire University, and Northern Essex Community College as early as their sophomore year. This year over **30% of NHS students were enrolled** in AP or Dual Enrollment classes.

NEWBURYPORT EDUCATION FOUNDATION

Generous support from the **Newburyport Education Foundation** allowed us to move forward with a number of **aspirational initiatives**: expanding PK-12 STEM Education (materials, machinery, NHS Tech Club, Sailbot), developing the Merrimack River Research Station, expanding place-based education programs, implementing a summer reading book project, supporting elementary literacy and instructional technology purchases, funding visual and performing arts festivals, and building the NHS Career Pathways Initiative.

SWASEY FOUNDATION

With the generous support of the Swasey Foundation, **educators across the district participate in hundreds of courses, workshops, and conferences every year**. We are proud to be a community of educators dedicated to creating a culture of learning.

SUPPORT PARTNERSHIPS

Enhancement of our **PK-12 social emotional resources** included the development of Bridge for Resilient Youth in Transition (BRYT) programs, the expansion of Signs of Suicide and the Screening, Brief Intervention and Referral to Treatment (SBIRT) programs, the addition of counseling/social work staff at the Bresnahan and NHS, as well as the addition of wrap-around services for youth (in partnership with Home For Little Wanderers and the Middlesex Partnership for Youth).

Ongoing Steps

Ensure our strategic and tactical work is guided by the Portrait of a Graduate Vision.
